For family and school use only. Not for direct or indirect commercial/profit use! Please help spread the New Tooth Fairy Tradition!

Canada's official languages are English and French. They reflect the coexistence of these two important cultures in the country. Every public sign is written in both languages. Building bridges in childhood through fantasies, plays and songs represents a vital force of social cohesion and understanding that will translate later in life into a variety of positive social attitudes. The Crowns in the present poster are the fundamental elements of a New Tradition of the shedding of milk teeth that occurs around 5-13 years of age. Now the Tooth Fairy and La Petite Souris become collaborative and inseparable heroes in dental prevention that enrich the family preventive culture through the celebration of 'The Day of the Children's Crowns' precisely with the 'Crown of the 6es' that honors, for the first time in history, the incoming first permanent back teeth that are crucial to the human dentition. Erupting at the age of 6, they will have to last for 70+ years! Children from British Columbia and across Canada, all the way to Quebec, will celebrate with the same Crown, sharing a crucial awareness message in childhood.

This side of the 'Crown of the 6es' is printed on glossy cardstock paper. On this side you don't draw, you just cut your 'Coins of the 6' out. This way you are welcoming your incoming '6es' and the Tooth Fairy and La Petite Souris will leave you a special gift PLUS a toothbrush!

Ce côté du 'La Couronne des 6es' est imprimé sur du papier cartonné glacé. De ce côté vous ne dessinez pas, vous découper juste votre 'Monnaies du 6' pour accueillir vos '6' et pouvoir trouver le Tooth Fairy et La Petite Souris. Ils vous apporteront un cadeau spécial PLUS une brosse à dents!
